RECYCLING EQUIPMENT

The **EBC 660 Bin Compactor** will compact up to 3 bins into one bin and is suitable for compacting general, recycling and food wastes. Waste volume and waste disposal costs are reduced by up to 66% whilst allowing for smaller, cleaner and tidier waste storage areas.

### BENEFITS OF THE EBC 660 BIN COMPACTOR

- The EBC 660BC is primed and finished with a hard wearing powder top coat making it suitable for both indoor and outdoor use.
- The reduction of waste volume lowers the necessity for excessive waste collections. This contributes to reducing your overall carbon footprint.
- The two handed operational management systems makes this machine safe and easy to use.
